REPUBLICAN CLUBS

For the Campaign of 1900.

The following is the Republican Club organization in each town and ward in the state, the first name being that of the *President*; the second, *Secretary*; and the third, *Chairman of the Executive Committee*. The name of the town is the post-office address, unless otherwise stated. A star (*) indicates a former organization. The vote for the republican and democratic candidates for Governor, the scattering vote, the pluralities, and the number and politics of the representatives chosen in 1898 from the several towns and wards are given as a matter of reference.

NATURALIZATION LAWS OF THE UNITED STATES.

The conditions under and the manner in which an alien may be admitted to become a citizen of the United States are prescribed by Sections 2, 165-74, of the Revised Statutes of the United States.

Declaration of Intention.—The alien must declare upon oath before a Circuit or District Court of the United States, or a District or Supreme Court of the Territories, or a Court of Record, or the clerk thereof, of any of the States having common law jurisdiction, and a seal and clerk, two years at least prior to his admission, that it is *bona fide*, his intention to become a citizen of the United States, and to renounce forever all allegiance and fidelity to any foreign prince or State, and particularly to the one of which he may be at the time a citizen or subject.

Oath on Application for Admission.—He must, at the time of his application to be admitted, declare on oath, before some one of the courts above specified, "that he will support the Constitution of the United States, and that he absolutely and entirely renounces and adjures all allegiance and fidelity to every foreign prince, potentate, State, or sovereignty, and particularly, by name, to the prince, potentate, State, or sovereignty, of which he was before a citizen or subject," which proceedings must be recorded by the clerk of the court.

Conditions for Citizenship.—If it shall appear to the satisfaction of the court to which the alien has applied that he has resided continuously within the United States for at least five years, and within the State or Territory where such court is at the time held one year at least: and that during that time "he has behaved as a man of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the same," he will be admitted to citizenship.

Title of Nobility.—If the applicant has borne any hereditary title or order of nobility, he must make an express renunciation of the same at the time of his application.

Soldiers.—Any alien of the age of twenty-one years and upward, who has been in the armies of the United States, and has been honorably discharged therefrom, may become a citizen on his petition, without any previous declaration of intention, provided that he has resided in the United States at least one year previous to his application, and is of good moral character. (It is judicially decided that residence of one year in a particular State is not requisite.)

Minors.—Any alien under the age of twenty-one years, who has resided in the United States three years next preceding his arrival at that age, and who has continued to reside therein to the time he may make application to be admitted a citizen thereof, may, after he arrives at the age of twenty-one years, and after he has resided five years within the United States, including the three years of his minority, be admitted a citizen; but he must make a declaration on oath and prove to the satisfaction of the court that for two years next preceding it has been his *bona fide* intention to become a citizen.

Children of Naturalized Citizens.—The children of persons who have been duly naturalized, being under the age of twenty-one years at the time of the naturalization of their parents, shall, if dwelling in the United States, be considered as citizens thereof.

Citizens' Children Born Abroad.—The children of persons who now are or have been citizens of the United States, are, though born out of the limits and jurisdiction of the United States, considered as citizens thereof.

Chinese.—The naturalization of Chinese is expressly prohibited.

ELECTION LAWS.

Chapter 78 of Session Laws of 1897.

ELECTIONS INCLUDED; CAUCUS, ETC., DEFINED.

SECTION 1. The provisions of this act shall apply to all elections held for the choice of electors of president and vice-president of the United States, representatives in congress and to the general court, governor, councilors, senators, county officers, and all ward and town officers chosen at biennial elections, and to any other election of national or state officers.

The word "caucus" as employed in this act shall mean a meeting of the legal voters of any political party assembled for the purpose of choosing delegates or for the nomination of candidates for office. The word "convention" shall mean an assembly of delegates chosen at caucuses in accordance with the usage of any political party.

CAUCUSES.

SECT. 2. Any caucus of legal voters, representing a political party, which at the biennial election next preceeding polled at least three per centum of the entire vote of the state given in for governor, may choose delegates to conventions and may nominate candidates for representative to the general court and candidates for such town and ward officers as are chosen at biennial elections.

CONVENTIONS.

SECT. 3. The nomination of a candidate in an electoral district containing more than one town or more than one ward of a city may be made by a convention, except as otherwise provided for the nomination of a candidate for mayor or other city officer.

CERTIFICATES OF NOMINATION.

SECT. 4. Certificates of nominations made in accordance with the provisions of sections 2 and 3 of this act shall contain the names and residence of each candidate, the office for which he is nominated, and the political principles or party he represents, and shall be signed by the chairman and clerk of the caucus or convention, and when practicable such certificates of nomination shall be signed by each candidate, but the absence of the signature of a candidate shall not invalidate a certificate of nomination.

NOMINATION PAPERS.

SECT. 5. The nomination of a candidate may also be made by petition. Such petitions shall be styled nomination papers. Such nomination papers shall contain all the facts required in certificates of nominations, and shall be signed by such persons

only as are qualified to vote at the election of the candidates named in the petition, and no voter shall sign more than one nomination paper for each officer to be voted for, and no nomination paper shall contain the names of more candidates than there are offices to be filled. Such nomination papers shall be submitted to a majority of the supervisors of the check-list of the town or ward in which the signers reside, and they shall certify what number of the signatures are the names of legal voters in said town or ward.

It shall require the names of one thousand legal voters to nominate by petition a candidate for governor or other candidate to be elected by the voters of the entire state, five hundred to nominate a candidate for representative in congress, two hundred and fifty to nominate a candidate for councilor, senator, or county or city officer, and fifty to nominate a candidate elected by the voters of a town or ward of a city.

CERTIFICATES OF NOMINATIONS AND NOMINATION PAPERS.

SECT. 6. Certificates of nomination and nomination papers shall be filed with the secretary of state as follows: Thirty days prior to the day of election in case of candidates to be voted for by the voters of the entire state, sixteen days in case of nominations made by wards and cities, and twenty-three days in case of all other nominations. The number of days herein given shall include Sundays, and shall end on the day before election at six o'clock in the afternoon. *Provided, however,* that in case of the death or resignation of a candidate whose nomination has been duly filed with the secretary of state, the vacancy may be filled in the same manner as the original nomination was made, or by an executive committee representing the political party making the original nomination. The name so supplied for the vacancy shall be placed on the ballot instead of the name of the original candidate if the ballots have not been printed, or, if printed, new ballots containing the new nomination may be printed, if practicable. Proof of the resignation or death of a candidate shall be filed with such new nomination.

CITY AND WARD OFFICERS.

SECT. 7. Candidates for mayor of a city and other candidates voted for by the voters of the entire city, may be nominated by any party recognized by section 2 of this act, in a general city caucus, or by a convention of delegates from the several wards, or by a caucus held by each ward. Candidates for officers elected by the several wards may be nominated by ward caucuses. *Provided, however,* that any party qualified to hold conventions may in caucus or convention or by its recognized political committee, make regulations concerning the manner of holding such caucuses and conventions.

TOWNS, ETC., MAY ADOPT.

SECT. 8. Towns, in the election of town officers chosen by ballot, and cities holding their election on a day other than the day of the biennial state election, in the choice of city and ward officers, may adopt the provisions of this act so far as they

are applicable to town and city elections. In such cases the ballots shall be prepared by the town or city clerk, and printed at the expense of such town or city, and the time for filing certificates of nomination and nomination papers shall be at least six days prior to the day of election. Towns and cities having voted to adopt such provisions may rescind the vote by which they were adopted.

OBJECTIONS FILED, WHEN; BALLOT COMMISSIONERS.

SECT. 9. Certificates of nomination made in accordance with the provisions of sections 2, 3, and 4 of this act, and nomination papers made in accordance with the provisions of section 5 of this act, shall be regarded as valid and shall be received by the secretary of state, unless objection thereto is made in writing within three days succeeding six o'clock in the afternoon of the last day for the filing of such nominations.

On or before the first day of September preceding a biennial election, the governor, with the advice of the council, shall appoint two persons from the two different political parties casting the largest number of votes at the preceding biennial election, who, with the attorney-general, shall constitute a board of ballot-law commissioners. They shall meet at the office of the secretary of state on the Tuesday next succeeding the last day for filing nominations, and shall continue in session from day to day until all questions submitted have been heard and determined. They shall consider and decide all objections to the nomination of a candidate and all questions arising in case of nominations, and their decision shall be final. They shall receive such compensation for their services as shall be approved by the governor and the council.

BALLOTS; HOW PREPARED.

SECT. 10. Ballots for use in biennial elections and in all other elections for national and state officers shall be prepared by the secretary of state, and printed and delivered at the expense of the state. Every ballot shall contain the name and residence of each candidate who has been nominated in accordance with the preceding sections, and shall contain no other name except party appellation and names of candidates for president and vice-president of the United States. In case a nomination is made by nomination papers, the words "nom. papers" shall be added to the party appellation.

The names of candidates nominated by any party or by petition shall be arranged upon the ballot in perpendicular columns and the candidates of each party shall be printed in a separate column. *Provided, however,* that in case only a part of a full list of candidates is nominated under a political designation, two or more such lists may be arranged whenever practicable in the same column.

Immediately above the name of each candidate shall be printed the political designation of the office for which he is nominated, as "For Governor," "For Senator," and the like, and at the right of the name of each candidate and on the same line there shall be a square, except that in the case of electors of president and vice-president of the United States one square shall suffice for each group of electors.

In the last or right hand column of each ballot there shall be no circle or device, but there shall be printed in the regular order the political designation of each office, as "For Governor," "For Senator," and the like, and beneath each designation there shall be left as many blank lines as there are persons to be elected to such office. Above each column or list of candidates shall be printed in large plain letters the name of the political party by which the candidates in such column were nominated. Above the party designation shall be printed a circle not less than three fourths of an inch in diameter, and such circle shall be surrounded by the following words printed in plain letters, "For a straight ticket make a cross (X) within this circle."

Whenever the approval of a constitutional amendment or other question is submitted to the vote of the people, such question shall be printed upon the ballots after, or beneath, the lists of candidates. The ballots shall be so printed as to give to each voter an opportunity to designate by a cross mark (X) in a square his answer to the question submitted.

The ballots shall be printed on plain white paper, in weight not less than that of ordinary printing paper, and there shall be no impression or mark to distinguish one ballot from another. The names of all candidates shall be printed in uniform type, and the ballots for each town or ward shall be so folded that their width and length when folded shall be uniform. Upon the back of each ballot shall be printed, "Official ballot for," followed by the name of the town or ward for which the ballot is prepared, the date of the election, and a facsimile of the signature of the officer who prepares the ballot.

Above each circle shall be placed an emblem or device designating or distinguishing the political party assigned to that column.

The device or emblem shall be selected by the secretary of state or other officer preparing the ballots for each political party represented upon the tickets, shall be different for each of such parties, and may be the representation of a star, an animal, an anchor, or any other appropriate symbol, but neither the coat of arms nor seal of any state, nor of the United States, the national flag, nor any religious emblem or symbol, nor the portrait of any person, nor the representation of a coin, or of the currency of the United States shall be chosen as a distinguishing emblem.

NUMBER OF BALLOTS; SPECIMEN BALLOTS.

SECT. 11. There shall be furnished each town and ward at each election conducted under the provisions of this act, not less than sixty ballots for each fifty and fraction of fifty voters therein. The officer who prepares the ballots shall cause to be printed for each town and ward fifteen ballots, printed on tinted paper and without the facsimile endorsement, which shall be known as specimen ballots. These shall be forwarded as soon as printed to the clerk of the town or ward, who shall immediately post five copies in the most public places in the town or ward. On the morning of the day of election he shall cause ten copies to be posted outside of the guard-rail in the room in which the election is held. The officer who prepares the ballots shall also prepare full instructions for the guidance

of voters at such elections, as to obtaining ballots, the manner of marking them, the method of gaining assistance, and as to obtaining new ballots in place of those accidentally spoiled, and shall cause the same to be printed in clear type, on separate cards, to be called cards of instructions; and he shall furnish a suitable number of the same to each town and ward.

DISTRIBUTION OF BALLOTS.

SECT. 12. The secretary of state shall send in a sealed package the ballots printed by him to the several city and town clerks, so as to be received by them twelve hours, at least, prior to the day of election. The same shall be marked on the outside, clearly designating the town or ward for which they are intended and the number of ballots of each kind inclosed; and the city and town clerks shall, on delivery to them of such package, return receipts therefor to the secretary. The secretary shall keep a record of the time when and the manner in which the several packages were forwarded.

DELIVERY OF BALLOTS; CARDS POSTED; IN CASE OF LOSS.

SECT. 13. The several city and town clerks shall deliver to the election officers, before the opening of the polls on the day of any election under this chapter, the sealed package aforesaid. At the opening of the polls in each town or ward, the seal of the package shall be publicly broken by the ward or town clerk, and the ballots shall be delivered by him to the ballot clerks hereinafter provided for. The cards of instruction shall be immediately posted at or in each marking shelf or compartment provided in accordance with the provisions of this chapter for the marking of the ballots, and not less than three such cards shall be immediately posted in or about the polling room, outside the guard-rails. In case the ballots to be furnished to any town or ward, in accordance with the provisions of this chapter, shall fail for any reason to be duly delivered, or in case after delivery they shall be destroyed or stolen, it shall be the duty of the city or town clerk, as the case may be, to cause other ballots to be prepared substantially, as far as may be, in the form of the ballots so wanting; and upon receipts of such other ballots from him, accompanied by a statement under oath that the same have been so prepared and furnished by him, and that the original ballots have so failed to be received or have been so destroyed or stolen, the election officers shall cause the ballots so substituted to be used in lieu of the ballots wanting, as above.

INSPECTORS.

SECT. 14. The mayor and board of aldermen of each city, and the selectmen of each town, at some time between the first and tenth day of October preceding the biennial election, shall appoint as additional election officers, to act with the clerk, moderator, and the selectmen at each polling place, four inspectors. Such officers shall be qualified voters at the said polling place, and shall be appointed from the two political parties which cast the largest number of votes for governor in the state at the biennial election next preceding their appointment, and

two of the inspectors shall be of a different political faith from that of the clerk and the other inspectors. The aforesaid appointments shall be made from nominations of caucuses of the two parties above named, holden by the ward or town, provided such nominations were made on or before the first day of October. If any appointment shall not be made within the specified time, then, on the application of six qualified voters, a justice of the supreme court shall appoint. Each of said officers shall be sworn to the faithful performance of his duties, and shall hold office for two years from the first day of November in the year in which he is appointed, and until a successor is appointed and qualified.

In case of any vacancy, or the absence of any of these officers so appointed from any polling place at any election held under this chapter, the selectmen shall appoint some person qualified as aforesaid to fill said office, and the said appointment shall be made from nominations of aforesaid caucuses, or, in the absence of such nominations, then from similar nominations of the ward or town executive committee of the two parties above named, provided such nominations are made.

Two of the inspectors, one from each of the two political parties above named, shall be detailed by the moderator at the opening of the polls to act as ballot clerks. They shall have the charge of the ballots therein, and shall furnish them to the voters in the manner herein set forth. A duplicate check-list of the qualified voters shall be prepared for the use of the ballot clerk, and all the provisions of law relative to the preparation, furnishing, and preservation of check-lists shall apply to such duplicate list. The other two inspectors shall be detailed by the moderator to assist the illiterate and physically disabled in the marking of their ballots, as provided in section 19 of this act.

POLLING PLACES, BALLOT BOXES, ETC.

SECT. 15. The selectmen in the different wards and towns shall prepare the polling places, or booths therein, and shall cause the same to be suitably provided with marking shelves or compartments at or in which voters may conveniently mark their ballots, so that in the marking thereof they may be screened from the observation of others; and a guard-rail shall be so constructed and placed that only such persons as are inside said rail can approach within six feet of the ballot-box and of such marking shelves or compartments, or within four feet of the ballots in possession of the ballot clerks. The arrangement shall be such that neither the ballot box nor the marking shelves or compartments shall be hidden from view of those just outside the said guard-rail. The number of such marking shelves or compartments shall not be less than one for every seventy-five voters qualified to vote at such polling place, and there shall not in any case be less than four of these marking shelves or compartments at any polling place. No persons other than the election officers and the voters, admitted as hereinafter provided, shall be permitted within said rail except by authority of the election officers, and then only for the purpose of keeping order and enforcing the law. Each marking shelf or compartment shall be kept provided with

proper supplies and conveniences for marking the ballots. Cities and towns shall provide suitable ballot-boxes, which shall be used at all elections therein. At the opening of the polls, and before any election under this chapter, the ballot-box shall be publicly opened and shown to be empty, and the election officers shall ascertain that fact by a personal examination of the ballot-box.

VOTING.

SECT. 16. Any person desiring to vote shall, before being admitted within the guard-rail, give his name to one of the ballot clerks, who shall thereupon likewise announce the same, and if such name is found upon the check-list by said ballot clerk, he shall put a check mark against it and again repeat the same name. The voter, unless challenged, shall then be allowed to enter the space inclosed by the guard-rail, as above provided. If his vote is challenged, he must not enter until he make the affidavit now required by law. After he enters the inclosed space, the ballot clerk shall give him one ballot only. Besides the election officers, no more voters than the number of marking shelves or compartments provided shall be allowed in said inclosed space at one time; but this number shall not include any voter who is engaged in the act of depositing his ballot in the ballot-box as herein provided. If any voter spoils a ballot, he may successively receive others, one at a time, not exceeding three in all, upon returning each spoiled one. The ballots thus returned shall be immediately marked "cancelled" by the ballot clerk, and, together with those not distributed to the voters, shall be preserved.

PREPARATION OF BALLOT; MANNER OF VOTING.

SECT. 17. On receipt of his ballot, the voter shall forthwith, and without leaving the inclosed space, retire alone to one of the voting shelves or compartments, and shall prepare his ballot as follows: He may place a (+) within the circle above the party name or designation, in which case his vote shall be counted for all the persons named in the column under such party or designation. In case a voter desires to vote for a candidate whose name is not printed under the circle in which he has marked, he shall erase or cancel the name of the candidate in such column for whom he refuses to vote, and may vote for the candidate of his choice by marking a (+) in the square opposite the name of such candidate, or by writing in the name of the person for whom he desires to vote in the right-hand column prepared for the purpose. In such case the vote so marked in the square, or so inserted in the right-hand column, shall be counted, and such ballot shall not be counted for the candidate for the same office whose name is erased. Unless canceled or erased, all names in the party columns under the circle marked by the voter shall be counted, to the exclusion of all others. One mark in the square opposite the names of candidates for electors of president and vice-president shall be counted as a vote for each. *Provided, however,* that a voter may omit to mark in any circle, and may vote for one or more candidates by marking a cross (+) in the square opposite the names, or he may

insert the names of the candidates of his choice in the blank or right-hand column, and such votes shall be counted. In case of a question submitted to the vote of the people, the voter may mark in the appropriate square a (+) against the answer which he desires to give.

Before leaving the voting shelf or compartment, the voter shall fold his ballot without displaying the marks thereon, in the same way it was folded when received by him, and he shall keep the same so folded until he has voted. He shall immediately give his name to the ward or town clerk, who shall likewise repeat the same and place a check mark against it on his check-list. The voter shall forthwith present his ballot with the official indorsement uppermost to the moderator, who shall then deposit the same in the ballot-box. He shall mark and deposit his ballot without undue delay, and shall quit said inclosed space so soon as he has voted. No voter shall be allowed to occupy a voting shelf or compartment already occupied by another, nor to remain within said inclosed space more than ten minutes, nor to occupy a voting shelf or compartment for more than five minutes, in case all such shelves or compartments are in use, and other voters are waiting to occupy the same. No voter, not an election officer, whose name has been checked on the list by the ballot clerks, shall be allowed to re-enter said inclosed space during said election, unless another balloting is had. It shall be the duty of the moderator to secure the observance of the provisions of this section, and of other sections relative to the duties of election officers.

COUNTING OF BALLOTS.

SECT. 18. If a voter votes for more names for any one office than there are persons to be elected to such office, or if, for any reason, a disagreement occurs among those present at the counting of the ballots, as provided in this act, as to the voter's choice for any office to be filled, and a majority of those so present shall decide that it is impossible to determine the voter's choice for that office, his ballot shall be regarded as defective therein, and shall not be counted with reference to that office.

No ballot without the official indorsement shall, except as herein otherwise provided, be allowed to be deposited in the ballot-box, and none but ballots provided in accordance with the provisions of this act shall be counted.

All ballots not counted in whole or in part, on account of defects, shall be marked "defective" on the back thereof by the moderator, and shall be sealed with the other ballots cast and returned to the city or town clerks.

Immediately after the polls are closed the ballots shall be examined, and the votes for the several candidates and on the questions submitted shall be counted by the moderator, in the presence of the town clerk, the selectmen, and the other election officers herein provided.

The counting shall be public, but within the guard-rail, and shall not be adjourned nor postponed until it shall have been completed, and the whole number of ballots cast for each person and on each question submitted to the voters shall have been publicly announced. While being counted, no ballot shall

be placed nearer than four feet of the guard rail which forms the inclosure in which the counting is done, during which time only the aforesaid officers shall be allowed within said inclosure.

The check-lists and all ballots cast shall be preserved, according to existing laws for the preservation of ballots.

ASSISTANCE TO VOTERS; WHEN PLURALITY ELECTS; NEW BALLOT, WHEN AND HOW CONDUCTED.

SECT. 19. Any voter who declares to the moderator that he cannot read, or that because of blindness, or other physical disability, he is unable to mark his ballot, shall, upon his choice and request, receive the assistance of either of the election officers detailed for that purpose by the moderator; and such officer or officers shall certify on the outside thereof that it was so marked with his or their assistance, and shall thereafter give no information regarding the same.

A plurality of votes shall elect representatives to the general court, and all city, ward, and town officers elected under the provisions of this act. In case of a tie vote, or other failure to elect the aforesaid officers, the balloting may continue until the requisite number of persons are chosen. Such subsequent balloting shall be by an open ballot in the same manner that representatives to the general court were chosen previous to 1892, and in such case no balloting shall be begun between sunset and sunrise.

OFFENCES AGAINST ACT AND PUNISHMENT THEREFOR.

SECT. 20. It shall be a misdemeanor for any person engaged in preparing or printing the official ballot to purloin or give away, or allow to be removed any of such ballots. A voter shall not allow his ballot to be seen or examined by any person, except as prescribed in this act, nor shall any person interfere with any voter when such voter is within the inclosed space, or attempt in any manner to influence or change his vote. No person shall destroy any certificate of nomination or nomination paper, or sign any such certificate or nomination paper, or sign the name of any other person to such certificate or nomination paper, except as provided in this act. Whoever willfully violates any of the provisions of this section shall be fined not exceeding five hundred dollars, or be imprisoned not exceeding six months. Any and all fines imposed by this section shall be paid to the county in which the person is prosecuted.

SECT. 21. Chapter 33 of the Public Statutes, and all acts and parts of acts inconsistent with this act, are hereby repealed.

REPUBLICAN STATE COMMITTEE,

WHITE'S OPERA HOUSE.

CONCORD, N. H., October 10, 1900.

Dear Sir:

With this you will receive a copy of the Campaign Handbook, containing the names and addresses of the members of the State Committee and the officers of the Republican Clubs in the various towns and wards of New Hampshire; also the vote for Governor, Congressmen, Councillors, and State Senators at the election in November, 1898, as well as other valuable statistical and political data.

You will find the book convenient for reference during the present campaign. Please look over the vote of your town, and go to work energetically to increase it if possible, or at least to prevent any decrease. Why not endeavor to make your town the banner town of the state so far as the relative gain in the Republican vote is concerned?

An acknowledgment of the book will be a favor to the State Committee.

Truly and fraternally yours,

J. H. Gallinger

Chairman.

Thomas F. Clifford

Secretary.
